**To Whom It May Concern:**

**Re: 158 Terrigal Dr, Terrigal NSW 2260**

This is to certify that the development site has been Feng Shui assessed by Chinese Feng Shui expert Mina R Zheng from Feng Shui Australia.

The site has good natural surroundings. The setting demonstrates many positive aspects for the residents who will live there.

The North direction has good energy, it enhances wisdom, knowledge and academic achievement for the residents. The gate is facing NE. This direction has positive Qi flow. The water energy is beneficial for the residents to meet more opportunities, develop their potential, gain success and wealth, which come from foresight, wisdom, and action.

The Qi flow of the site is mainly positive. The developer has used feng shui elements for the site to maximize the positive and mitigate the negative aspects, in order to create a prosperous and harmonious living environment.

Yours sincerely,

Mina R Zheng
